A New Three-Time Winner for Boat Race

By Jean Perry

The Rochester Memorial Day Boat Race started as a 4-H project back in 1934 headed by Jim Hartley, when participants fashioned “canoes” from pine boards and decided it would be a fun idea to start a new boat race tradition.

A few things have changed since then, including the addition of some ingenious hand-crafted and painted boats, and even a pirate thrown in for fun. But the race

Above: Marianne Decosta, President of The Mattapoissett Lions Club, one of 45,000 Lion's Clubs around the world announced the recipient of 2015 Mattapoissett Lion's Club Award of Excellence in the amount of \$5,000. This year's recipient is Michael Kassabian (pictured above with Helena Rose), a senior at Old Rochester Regional High School. Michael has been admitted to Harvard University. He is recognized for his outstanding work in community service, his goals when he completes his studies and his academic record. Funds for this award were raised through the efforts of the Mattapoissett Lions at their annual Harbor Days Arts and Crafts Festival and other events throughout the year. itself and the sentiment of tradition behind it remain unchanged – the Rochester Memorial Day Boat Race continues as a family ritual for many, and oftentimes a right of passage for the next generation of Rochester families, teaching a lesson or two about endurance, competition, teamwork, and the ‘keep paddling’ outlook on life.

This year brings a new three-time champion team to the history of the boat race, with Dan Lawrence and Bill Watling III taking first place in the Open Division for three consecutive years. They received their Jim Hartley trophy the night of the race during an awards ceremony in the Rochester Memorial School gymnasium. The trophy is in Hartley's memory, the founder of the boat race. The last recipients of the Jim Hartley trophy were Sean Shaw and C.J. Hedges IV, winning the three-year trophy four times for 12 consecutive wins.

Trophies are given to each contestant of the teams that come in first, second, and third place in each division.

There is also the distinct honor of the Old Man River Award, given to the oldest participant in the boat race who finishes the race. The award can only be received once, even though they may be the oldest person in the race in subsequent years.

This year's Old Man River award went to James Ziobro, age 60. The first Old Man River trophy was awarded back in 1979 in memory of Peter Balzarini, the

official starter who fired the starting gun for many years.

Some fun facts about the 2015 race: There were 66 teams competing in this year's race. The shortest racer was 4 feet tall, the tallest 6'6". The youngest was six years old, and the oldest 61, according to Race Coordinator Art Benner. The lightest participant weighed 65 pounds, the heaviest 255 pounds.

Most of the racers were from Rochester with 71 Rochester residents, and Mattapoisett came in second with 26. The participants who live farthest away this year are from Ecuador. There were also some contestants from Pennsylvania, New Hampshire, and Connecticut.

The course, which has been known to sink or break a few boats in half, could have been worse, according to Benner. The water levels rose slightly from the previous week after a bit of rain.

"It was kind of a struggle (this year)," said Benner. "Not as much water, that's ideal, but it was better than last week."

This year's race was dedicated to Charles "Chuck" Gonneville in honor of the many years he committed to the running and organizing of the boat race. In the gymnasium at RMS, a large American flag, which will remain, hung on the wall in Gonneville's honor. Gonneville was also a custodian at the school, as well as a firefighter. During the awards ceremony, an empty chair draped with his firefighter coat, his helmet, and a mop was on display in the background as a symbol of the

importance his presence meant to many.

"He was always just thinking about the boat race," said Benner. Benner said Gonneville would even schedule his vacations and schedule around the sign-ups for the race. "He was always sitting at the door of the cafeteria selling tickets to the ham and bean supper." Benner reminisced for a while about all the fun he used to have with Gonneville, and acknowledged his significant role in the race every year.

Local Vet Speaks Few Words, Says Much

By Jean Perry

When Commander Michael Lamoureux of American Legion Post 280 introduced the guest speaker on May 25 for the 2015 Memorial Day ceremony in Mattapoisett, he noted that the biography U.S. Army Sergeant Edward Sweeney, Jr. submitted for the event program was a short one. At age 38, he enlisted in the U.S. Army National Guard and was eventually deployed to and stationed in Afghanistan from 2012-2013. Sgt. Sweeney now lives in Mattapoisett with his wife, Cheryl,

and their children.

After the short introduction, Lamoureux supposed Sweeney was a humble man, possibly of few words. Sweeney's words were few, but they were poignant, stirring the emotions of guests in the program and onlookers in attendance gathered in front of the Mattapoisett Library.

There are only two things that scare him, said Sweeney. They are spiders and speaking in public. "And this is a first for me," Sweeney said, shaking off the nerves with a few chuckles from the crowd.

He has been home from Afghanistan for two years now, "But things are still pretty fresh." Sweeney continued, "But this day isn't about me." It's about the warriors who have gone before him, he said.

"Today is about honoring and remembering those who never came home." Sweeney said he and the veterans seated behind him and all those who enlist, all sign the same check made out to the United States of America "in the amount of and including our lives."

"[And some of them] cashed that check in the name of freedom," said Sweeney. He then began reading the names of local fallen heroes, beginning with Marine Lance Corporal Matthew Rodriguez who was killed in Afghanistan in December 2013. Sweeney then listed a number of names of those killed in action from the South Coast area.

"I could stand here all day and list the names of our fallen comrades," Sweeney said.

Sweeney encouraged those in attendance to go home afterwards to enjoy a cookout, a barbeque with friends, any way they like and not to feel guilty in anyway about celebrating on Memorial Day.

"Just enjoy it. It's what we fought for and what we died for," Sweeney said. "Don't ever feel guilty...."

Because that's what the American life is and that's what we'll fight to protect."

As Sweeney paused, the Center School clock tower bell solemnly rang twice, and everyone listened in silence.

"There are two powers that have offered to die for you," said Sweeney just before concluding his speech. "One of them is Jesus Christ. The other is the American soldier."

Lamoureux and Veterans Agent Barry Dunham presented Sweeney with a certificate of appreciation before concluding with the retiring of the colors, the laying of the wreaths on the War Memorials, and the parade over to Cushing Cemetery.

During the ceremony, Representative William Straus also delivered a speech recognizing the missing presence of Evelyn Pursley, who served at the American Legion Post 280 for many decades and died on August 24, 2014 at the age of 92.

"It's something to get over that she couldn't be with us," said Straus, "and we feel that loss."

Board of Selectmen Chairman Jordan Collyer in his speech stressed the importance of supporting veterans' services such as the American Legion whose membership dwindles year after year.

"As membership dwindles ... their support dwindles," said Collyer. "The Legion is under a lot of stress..." The Legion, he reminded guests, is what organizes community events such as the Memorial Day ceremony. "It's getting tougher and tougher to keep things going."

Denham echoed those sentiments in his address to guests, saying the Legion is having a hard time trying to keep its doors open. Denham, who recently stepped into the Vets Agent for the Town of Marion – regionalizing the three Vets Services Offices – said last October there was only one veteran in Marion receiving benefits, much lower than the seven in Rochester and the 12 in Mattapoisett.

"Marion is now from one to eight people," said Denham. There were seven vets in Marion that should have been collecting veterans' benefits, but were not due to a lack of awareness of the program.

Denham stressed the importance of maintaining "strong vets agencies like the Legion."

Old Rochester Regional Junior High School student Carly O' Connell recited President Abraham Lincoln's Gettysburg Address as the sun came in and out from behind the clouds on the bright breezy afternoon.

Lamoureux, although having heard the Gettysburg Address many times, was still moved by the President's words.

"Abe Lincoln," said Lamoureux, who paused a moment with emotion. "He really said it all. Short, concise."

Unfortunately, due to some problems with the logistics of the morning, transportation was unavailable to bring in the New Bedford JROTC Battalion to Mattapoisett for the retiring of the colors. Lamoureux said none of the usual drivers were available that morning to pick up the JROTC, so Lamoureux turned to the Mattapoisett Police Department and asked for its assistance.

"And I didn't even have to bend my knee because they jumped at the chance to carry the colors," said Lamoureux.

Road (Route 6) in Mattapoisett. On arrival, officers found a vehicle with severe damage. It appears that a 2002 Saturn owned and operated by Brooklyn Cody Rodrigues, age 21 of 85 Middle Street, Fairhaven, was traveling westbound on Route 6 (Fairhaven Road) when the operator lost control of the vehicle and struck the curb. After striking the curb, it appears the car rolled over and came to rest in the front yard of 83 Fairhaven Road.

Ms. Rodrigues and her passenger Meghan Sargent, age 18 of 11 Jarvis Avenue, Fairhaven were pronounced dead at the scene.

Mattapoisett Fire Department and the Massachusetts State Police Accident Reconstruction team assisted the Mattapoisett Police at the accident scene.

Ground Control

This Mattapoisett Life

By Marilou Newell

This morning, just now, the chorus of bird song rose above the sound of vehicles passing by the house, that steady stream of business on the way to conduct itself, its self-imposed importance and urgency pushing forward, stock-holder values must be preserved, and nothing else matters, except the birds' song and its soothing quality – a balm, a tonic against pain, a moment of respite, a form of prayer.

Today will have a trajectory and I, mere mortal that I am, will presume I have some control. I will allow myself to believe that and smile at the oncoming faces. I will fake it till I make it and hear the birds throughout it all.

It's important to pace oneself when staring down a long, dark rabbit hole wondering if it has a bottom, and once there will the way back up be lighted or impossible to find. At times like these, faith would help, but in my case I'll draw on the collective wisdom from all who have passed before me. They will remind me – this, too, shall pass.

The Hindu belief system allows that staying perfectly still and just being present is sufficient to one's survival and if the worst outcome should inevitably befall one, well, one's oneness with the universe remains the

goal. A little of that will go a long way with me today, but I'll still worry, fret and probably lose a pound or two from being unable to swallow.

From my own experiences, I know without a shadow of a doubt that most problems will resolve and most outcomes will be acceptable and upon looking back, I'll be reminded that anticipating the future was much more difficult than simply letting it happen. So, in this, the ability to "just be" could have helped. But not right now.

Right now, I struggle with the problems. I want to get my hands in there and fix everything, make it better, heal the sick and pay the debt. I want to be the righter of wrongs with the power of a goddess coupled with a bit of Wonder Woman. I want too much and will have to take what is given even should it be a bitter pill. I'll be a grown up as mandated. I won't show fear.

As a decisive person by nature, situations that have not drawn to a conclusion are quite unsettling. I want tomorrow today so I can know what the ending of the story is. I want to write the ending really and have it come out my way. I want control. The universe laughs. Who has control really? Isn't it all random chaos? Oh, ego, how you fool the foolish.

By tonight, these thoughts will be no more, replaced by the day's events as the future becomes the past and whatever will happen has happened and I get to process the results. Tonight, I'll be that reporter in

The Bay Flows Gratitude

By Bethany Coito

On May 21 at Shining Tides at Camp Massasoit, the Buzzards Bay Coalition proudly announced the completion of the Nasketucket Bay Land Conservation Project. This is the largest land conservation project completed, which covers and protects 416 acres of a variety of habitat and coastal areas.

In addition, the BBC has continued to be successful in supporting the Massachusetts Oil Spill Prevention Act passed (MOSPRA) in 2004. Although this is an annual effort in the federal courts, the BBC aims to keep this law in place to positively ensure the protection of the coastal area.

Prior to the awards ceremony, BBC members, volunteers, and the public gathered in a social hour, which allowed time for the BBC to display their many upcoming volunteer events and their new beer that will be sold locally.

The first award presented this evening from the Buzzards Bay Coalition went to two extraordinary volunteers for their outstanding dedication, Jean and Tally Garfield.

Although Jean was unable to attend due to other volunteer service work in which she was participating, her granddaughter Cali Tetreault accepted the award on her behalf as she was credited for leading the coalition for New Bedford.

The Guardian Awards are the highest honor the BBC presents for "outstanding service or education advocacy to an unsung hero who inspires others to make a difference."

The first BBC Guardian Award was presented to Assistant Attorneys General Seth Scofield and Pierce Cray for a decade of defense of MOSPRA and determination to continue to keep this law intact.

The next BBC Guardian Award went to Paul Niedzwiecki, executive director of the Cape Cod Commission, for his outstanding leadership in producing the Cape Cod 208 Water Quality Plan. Thanks to all of Niedzwiecki's efforts, there is a clear path for addressing the Cape's nitrogen pollution crisis and continuing preservation of the treasured area.

Another BBC Guardian Award was given to Jennifer Howard, the director of Land Protection at the Massachusetts Department of Conservation and Recreation. Howard received the BBC Guardian Award for her leadership on behalf of the Commonwealth and support of the completion of the Nasketucket Bay Land Conservation Project, which essentially doubled the size of the Nasketucket Bay State Reservation.

The final BBC Guardian Award was presented to Dr. Joseph Costa, the executive director of the Buzzards Bay National Estuary Program for his lifetime dedication to the Buzzards Bay Coalition.

Animal Advice Jay Gould, DVM

My dog started limping all of a sudden and isn't eating all that well. Just last week he was limping on a different leg but it went away. I've seen no blood, what is the problem?

Dogs are seldom idle creatures, and often aren't aware of the environment. It's not uncommon for dogs to break nails, bones, get cuts or puncture wounds. The issue comes when there seems to be no evidence of trauma. New England is home to ticks which carry many diseases, lyme being the most common. Most share similar symptoms and may cause lameness of one or more legs from inflammation of the joints. This can be painful and may cause limping. This issue should be addressed immediately as not to let the disease progress. They are harder to get rid of the longer you wait. Many also have an incubation period of up to 3 months before symptoms occur. This means your dog may already be farther along than you think. A simple, 8 minute blood test can determine if any of the diseases are present. If so, dogs are found to respond quite well to antibiotics and anti-inflammatory medications.

MARION VILLAGE ANTIQUE

Marion Village Antique, originally built in 1884, lovingly renovated and restored by the current owners to include many of the modern details one would desire today. The first floor includes a spacious foyer, formal living room

and dining rooms, kitchen/family room with gas fireplace, and half bath. French doors from the great room to a private patio where you can enjoy the .15 acre beautifully landscaped yard and gardens. The second floor includes four bedrooms and two full bathrooms (including a spacious master suite with fireplace and walk-in closet). Original hardwood floors throughout most of this home. Great room renovation, new systems, and new roof in 2001. Walk to Village center, library, and town schools in just minutes from this prime location!

Exclusively listed at \$699,000

TOWNHOUSE AT THE COVE

Just steps from the association dock, waterfront, and pool, this 2885 square foot town home in the highly desired "The Cove" in Marion is the perfect compromise for those looking to downsize and simplify without giving up on their

space. With its first floor master bedroom suite, you have the luxury of one floor living with the possibility for expansion into the two additional bedrooms, full bathroom and office on the second floor. This open floor plan boasts a sunken living room with fireplace, formal dining room, eat-in kitchen and inviting three season room. Meticulously manicured gardens and newly installed patio adds to this town home's appeal. Other features include laundry room, two car garage, and custom designed entrance into the home. It is bright and sunny with large picture windows and beautiful views from every room.

Exclusively listed at \$659,000

MATTAPOISETT CUSTOM CAPE

Thoughtfully designed and renovated in 2008, this one-of-a-kind custom Cape is everything a buyer wants, and more! This 3 bedroom, 2 bath home is bursting with quality construction, charm, and modern day comforts.

A full remodeling left this house with an open floor that includes a great room that features a gourmet kitchen with center island, stainless appliances, custom cabinetry, and a comfortable seating area with built-in media center. First floor also includes a full bath, formal dining and living room with fireplace. The sun room makes a statement with cathedral ceilings and glass sliders on three sides, bringing the outside in. The second floor has 3 bedrooms, a new bath with custom tile-work and steam shower, and ample storage. Central AC, security system, irrigation, new roof and siding, and new Andersen windows. Beautifully landscaped .9 acre lot is bordered by conservation land to allow for complete privacy, while it is located just steps from town landing and bike path! Exclusively listed at \$599,000

Co-owners John Mello of Mattapoisett and Joe
Sauro of Wareham told selectmen they plan to renovate
the interior, expand the bar, and add food service to the
site. They plan to open the bar seasonally, beginning this
summer and closing in early winter for renovations.

"We kind of want to get it back to where we
remember it," said Mello. More like the days when the
bar was called Brad's, he specified. "A little bit more
welcoming. We just think it's time to get back to where we
were."

In other matters, entrepreneur Eric Desrosiers
of 10 Captains Lane was close to being issued his license
for a Class II used auto dealer, but selectmen ordered
Desrosiers to withdraw his application without prejudice
and reapply to reflect the change of address he requested
from his residence to the post office box.

Selectmen had no problem with Desrosiers'
business plan to sell one used auto one-at-a-time online
while storing the single vehicle in a self-storage facility
with the owner's permission. Desrosiers also had
permission from a Fairhaven garage to service the vehicle.
None of the business activities, Desrosiers said, would
take place at the residence.

Selectmen were poised to approve the relatively
benign request until two residents claiming to be two

of several owners of the property opposed Desrosiers' business plan.

Roger Gibbons told selectmen he found the proposed business a violation of the lease agreement.

"This is rental property ... not for business use," said Gibbons. Vera Gibbons, seated beside Roger Gibbons, said three cars already park on the private lane, and another would create a problem.

Newly appointed Chairman Jordan Collyer told the Gibbonses the address of the business was a post office box, no business would take place on the residential property, and reminded the two that vehicles for sale would be stored off-site.

Vera Gibbons still had a problem with Desrosiers'

plan since "he's going to have to go in and out of Captains Lane more than usual," she said, referring to Desrosiers' need to go to work. "It seems like it would make more traffic."

Selectmen paused and turned to Town Administrator Michael Gagne to say whether the change of address on the application from 10 Captains Lane to the post office box was a significant enough change to require a re-filing and reposting of the hearing.

Gagne said, although Desrosiers does not propose to change the use of the property, the change in address merits a withdrawal without prejudice and a re-file.

Gagne also recommended Desrosiers submit written permission from both the self-storage facility and

service station owners with the application.

Also during the meeting, selectmen approved a Hawkers and Peddlers License to Jaime LeBlanc, owner of Jaime's Hawaiian Ice, a vintage ice cream cart that might be spotted along Mattapoisett beaches this summer.

Selectmen will switch to the "summer schedule" of meeting once a month beginning with the next scheduled meeting of the Board of Selectmen on **June 9** at 7:00 pm at the Mattapoisett Town Hall.

Board Recommends Bylaw Amendments

Rochester Planning Board

By Andrew Roiter

The Rochester Planning Board met May 26 to discuss three zoning bylaw amendments to be presented at the June 8 Annual Town Meeting.

The board voted unanimously to recommend that the Town adopt the following amendments in upcoming Town Meeting.

One is an amendment to section VII of the Flood Plain District. The amendment will not affect any residences in Rochester, only a portion of the New Bedford Waterworks site.

The next amendment was to sections III "Definitions" and IV "Limited Commercial District." The amendment includes a definition for Mixed-Use Development, which is "a development that combines residential with retail or service uses within the same

building or on the same site.” The amendment to section IV would add mixed-use development as an allowed use under the limited commercial district.

The amendment goes on to create a guiding principle and specific objectives, as well as the insertion of mixed-use development requirements and the deletion of “antiquated business type terms to be replaced by ‘retail and commercial establishments.’”

Should that amendment fail to be adopted, a third amendment is featured on the warrant that only has the definition for mixed-use development and the change to the limited commercial district.

The amendments were developed through cooperation between the Planning Board and the Zoning

Board of Appeals.

Chairman Arnold Johnson encouraged everyone on the board to attend the town meeting.

"Everyone here try and make it. I think it's important when the Planning Board is coming forward with legislation, especially like this," said Johnson. "It shows we have worked together on this for quite a while and in conjunction with ZBA. I think it's important for the townspeople if we show up. It helps with the level of commitment that we have."

Richard Cutler, chairman of the ZBA, warned those planning to attend the town meeting that, based on a conversation he had with the town moderator, it will likely be a long meeting.

Other business at the meeting included a follow up discussion about the Little Quittacas Solar Project. In a discussion carried over from the May 12 meeting of the board, members discussed what recommendations would be made in regard to vegetation on the site.

The discussion centered on whether the area should be seeded or allowed to return to nature. Low rainfall and high wind has made the area very dry, according to the board, and therefore unsupportive of common short-rooted grasses. The worry is that if the area lacks vegetation then the berm – a type of narrow ledge – would be subject to destruction during a heavy autumnal rainstorm.

The other option, besides allowing it to return to

nature, is to find plants that thrive in similar environments and plant them. Following a discussion, it was decided that there would be additional talk with those responsible for the site.

During the town planner's report, the board reviewed a recent site visit to the Pines at Hathaway Pond.

"The guy did a really nice job of constructing those units and finishing up that project," said Johnson. "The basin looked good ... he still had some seeding to do around three of the units and in front of the basin."

The board attributed normal settling to reports from those in the area about cracking around manhole covers.

Towards the end of the meeting, Conservation Agent Laurell Farinon updated the board on the state of the Open Space and Recreation Plan. The plan will continue to develop as they release a survey in the coming months, both through a mailing campaign and online. The survey will be three pages long and consist of roughly 20 questions.

The next meeting of the Rochester Planning Board is scheduled for 7:00 pm on **June 9** at the Rochester Town Hall.

Zoning Board of Appeals when they met on May 21 with only two hearings before a full board populated by Chairman Susan Akin, Mary Anne Brogan, Paul Milott, Norman Lyonnais and Kenneth Pacheco. But for one of the two hearings, it was a rather historical event.

Built in 1790, the residence situated at 6 Main Street and presently owned by Merry Suzan McCleary is one of the oldest homes in the village. Now used as a four-unit apartment building, when it was constructed 225 years ago it was a large home compared to most. It is still a large structure by today's standards for the village area and planned to be a bit larger still.

Represented by David Davignon of N. Douglas Schneider & Associates, McCleary requested a special

permit to construct an attached one-car garage with living space on the second story and modifications to the current second story for a one-unit living space on the reconfigured second story joining the old with the new. This modification would reduce the number of units from four to three and also require the construction of a driveway.

The board discussed with Davignon the proposed changes to lot coverage that would increase from 22 percent to 27 percent. Building Inspector Andy Bobola advised the board that they had the authority to weigh the pros and cons of lot coverage by considering that the driveway would remove several cars from being parked on the street – a very busy Main Street.

The board members felt the project would ease traffic congestion in the area and the remodeled multi-unit residence would be in harmony with the village. The special permit was granted.

Also coming before the board was Brandon Ferreira, 4 Aucoot Road, with a request for a special permit to construction a 24-foot by 24-foot garage with living space on the second story. This application was also approved.

The next meeting of the Mattapoisett Zoning Board of Appeals will be announced if there are applications requiring public hearings.

Legal Smoking Age May Increase in Marion

Marion Board of Health

By Jean Perry

The Town of Marion might soon raise the legal age for purchasing tobacco and nicotine products from 18 to 21 years with a new ordinance that Board of Health members hope will curb underage smoking.

The board was first contacted in March 2014 by Dr. Lester Hartman, senior pediatrician at Westwood/Mansfield Pediatrics. Hartman stated in an email that he had been collaborating with a Harvard pediatric professor named Dr. Jonathan Winickoff to promote a new "Tobacco 21" bill for Massachusetts towns.

issue of *The New England Journal of Medicine*, Winickoff et al. cited New York City Mayor Michael Bloomberg's 2013 Tobacco 21 bill "imposing the strictest age restrictions on tobacco sales of any major U.S. city."

According to the article, "The law stops short of making possession of tobacco products by persons under 21 a crime, placing the responsibility on retailers under penalty of civil fines."

The federal minimum age set by the Food and Drug Administration (FDA) to purchase tobacco products is 18; however, regulations allow individual states and local municipalities to impose a stricter age minimum.

Since New York, seven other Massachusetts towns have followed by adopting 21 years of age as the legal minimum to purchase tobacco. The Tobacco 21 initiative is growing, with other Massachusetts towns also considering adopting the regulations set by the Tobacco 21 Act.

By considering data collected by other towns post-Tobacco 21 regulations, the Marion Board of Health, as well as Marion Health Director Karen Walega, stated on May 26 that they favor the stricter age minimum and will move ahead with drafting the language for the new ordinance to be vetted by any concerned residents during a public hearing in the near future.

"I am for the 21 and over," said Board of Health member Albin Johnson. "The longer that you can put off people's access to smoking, the better."

Opponents to the Tobacco 21 Act make arguments on several fronts, including questioning the effectiveness of raising the minimum age and the infringement on individuals' legal right to make decisions on their health.

Data provided by Winickoff et al. shows that the Town of Needham, the first Massachusetts town to go Tobacco 21 in 2005, saw its smoking rate cut almost in half while nearby communities saw a lesser decrease.

"The percentage decline in Needham was nearly triple that of its neighbors," Winickoff et al. state in their article, "contradicting the hypothesis that young people will simply shift their purchases to surrounding towns."

The next meeting of the Marion Board of Health is scheduled for **June 9** at 4:30 pm at the Marion Town House.

Hard Work, Preparation Make Junior Semi Memorable

ORR Update

By Patrick Briand

When looking through this year's Old Rochester Regional High School yearbook, pay close attention to the 'Favorite Memories' section of each senior's special write-up. An event commonly mentioned by the Class of 2015 as the most memorable is the Junior Semi-Formal, which this year occurred on Friday, May 15.

One of the most important events of the school year, the Junior Semi was met with a warm reception by the Class of 2016. Junior Class Advisors Hilary Owen and Andrea Moniz spoke about the challenges and rewards that come with planning one of the school year's marquee events.

Junior Semi is the unofficial kick-off of senior year for the junior class. Think of it as a sleepover for the entire junior class – with ample amounts of food and soda – taking place mainly in the ORR gym. Combine that with an elegant dinner and a school dance that rivals the intensity of Homecoming (although with more space to actually dance) and you have an event like no other.

The event kicked off at 6:30 pm, and after the long line handed in their tickets and waited patiently in the courtyard, dinner was served in the cafeteria. Students

could choose from a wide array of foods, though the majority opted for the chicken fingers and French fries, accompanied by a salad or pasta dish.

Afterwards, the music began and the dance floor slowly filled in. Many students split time between the dance floor and the photo area that featured clothing items of the 'Masquerade' theme. There was also a candy bar that received plenty of visitors throughout the evening.

The DJ earned great reviews for a playlist that leaned heavily on 2000s pop/hip-hop hits, as well as some more current tunes. The dance concluded at 10:30 pm, and Phase 2 of Junior Semi quickly began.

By 11:30 pm, most students had changed into

more comfortable clothes and were hanging out in the gymnasium. In addition to a plentiful food supply, basketball games, volleyball games, and a bouncy-house kept students entertained.

After midnight, the hypnotist began to perform in the auditorium. Over 20 students volunteered to have their minds altered, although only four made it to the 1:30 am performance end. Junior Haily Saccone stole the show with her dancing, and sophomore Dillon McCarthy, hypnotized to think he was James Bond, suspended the audience in disbelief. Earning a standing applause, the hypnotist was regarded as one of the high points of the evening.

At this point in the evening, most attendees of the event were fighting off sleep. Two films were now played back-to-back in the auditorium: *21 Jump Street* and *Identity Thief*. Even though these were popular films, more students were leaning back in their chairs sleeping than enjoying the two comedies.

Concurrently, basketball and volleyball games continued to be played in the auditorium, while the bouncy-house was now filled mostly with sleeping bags. At 5:00 am, the students headed out of the gym and into their cars, in pursuit of sleep after a memorable evening that can truly be called a one-of-a-kind experience.

Owen and Moniz spend their days working in the Learning Support Center (LSC) at ORR. However, the pair also serve as advisors to the Class of 2016, this year's juniors. They worked closely with the student council to plan this year's Junior Semi-Formal event.

"This is my third year as the class advisor, and when I became an advisor, I recruited [Moniz] to work with me," Owen said.

The duo picked the date for Junior Semi in September and began to meet with the class officers in January. "After we picked the date, some part of the planning was done every month from there," Moniz said.

Both spoke about the challenges of planning such a unique event. Moniz emphasized that "making sure it's what the kids want" was one of the biggest challenges. Owen acknowledged, "So many details couldn't be figured out until the day of the event."

After all the hard work, both were pleased with the final product.

"The DJ got everyone on the dance floor and kept them there," Owen said, speaking to one of the event's high points. "Even the kids who weren't dancing were enjoying themselves," Moniz added.

Judging by the terrific reception of the event, the long months of planning for Junior Semi paid off.

Every year, the Junior Semi-Formal manages to represent both the end of an era and a new beginning for the junior class. As the dance usually coincides with the end of the year for seniors, the juniors become the leaders of the school and celebrate with an epic party. The event also serves as a prelude to the end-of-school events, and serves as a nice way to finish off students' penultimate year of high school. None of it could be accomplished without the hard work of the junior class advisors, and once again Junior Semi provided a memorable experience for its participants.

computer modeling, dress making, and fundraising for nonprofits. There was also epic poetry writing, surfboard making, photography, and comparative anatomy dissections, as well as designing and publishing a fashion magazine.

Additionally, many students pursued dance and arts performances that the Tabor community was able to see last week.

Each year, the projects are different and unique and Crosby noted that this year, "There was an increase in technical, computer or Internet based projects." For example, Michael Tan created a drone to fly around campus and Will Lee launched a probe into space.

Last Friday, the entire Tabor community was able to watch presentations and was also able to attend nightly showings the week before.

Ellie Sullivan did comparative anatomy and dissected two animal hearts.

"I want to be a cardio thoracic surgeon," said Sullivan, who did this project because of her interest in going to medical school.

Hye Rin Joo combined her interest in fashion with her skills in InDesign to create a fashion magazine entirely on her own called "Joology."

"I interned at a fashion magazine last summer," said Joo, who also works on the layout for the school paper. "For my project I wrote articles, took photos, and designed layout."

involvement with the foundation in the future. "We are given so much and it's so great to see the smile on kids' faces when they receive a Happy Hope Bag. I will do anything to help this foundation!"

Crosby said she feels that "students certainly learn a lot about their topic, but the best independent learning they experience throughout this process is self-growth."

The students who completed projects had to keep daily journals about their successes and challenges, which is demonstrative of the growth and accomplishments they achieve through the seven weeks of their project.

"[The process] is about facing challenges to their plans and creative ideas and finding ways to overcome those," said Crosby. "They learn how to seek out resources on their own, how to preserve, how to be flexible all in order to reach a very personal goal." She continued, "Many of them will tell you it's the most difficult thing they've done while a student at Tabor, but also the most rewarding."

Girls' Lacrosse Clinches Tri-Championship

ORR Sports Update

By Michael Kassabian

Here is a look at the seventh week of scheduled games for Old Rochester Regional High School spring athletics.

Baseball: The boys' baseball team started their

week off with a tough 2-1 loss to out-of-conference Coyle-Cassidy. Despite an RBI double from **Sam Henrie** and an overall strong pitching effort by senior **Brendan Deverix**, the Bulldogs were unable to squeak out a victory, marking only their third loss of the season. However, the boys did manage to turn their luck around later in the week with a huge 16-0 blowout over Bishop Stang that lasted only five innings. Henrie, **Jordan Menard**, and **Austin Salkind** all had three hits apiece, with **Bryant Salkind** and **John Breault** adding two hits apiece. Defensively, the Bulldogs played well, with Henrie picking up another shutout from the pitcher's mound and strong fielding throughout. The boys' record currently stands at 14-3.

Softball: The Lady Bulldogs had a less than ideal week, suffering two losses to drop their overall record to 8-10. Early in the week, the girls suffered a 13-4 loss to Seekonk and were later defeated by Bishop Stang, 8-3. Despite the loss, **Kaleigh Goulart** played well, hitting a two-run homerun in the top of the first inning. Sophomore **Hannah Guard** also provided some offensive heft with two hits during the game.

Boys' Track: Both of the track teams competed in the SCC Championship Meet this week, which features the best athletes across the conference. The boys' team placed third overall with 60 points, only behind Dighton-Rehoboth and Seekonk. ORR had several impressive performances on the day, notably from **Kevin Saccone** and **Ben Rounseville**. Rounseville claimed the 400-hurdle title in 60.53 seconds, while Saccone won three events – the long jump, triple jump, and 110-meter hurdles. On both the boys' and girls' sides, ORR athletes swept the hurdles events, showing the depth of the Bulldog hurdling program. The boys' also got notable places from **Jacob Blezard** (sixth, shot-put), **Trevor Oldham** (sixth, 100-meter), and the 4x100 meter relay team (third). The track teams will now look to perform well on the state level at the Division 4 State Championships next weekend.

Girls' Track: The Lady Bulldogs also had an excellent day at the SCC Championship Meet, claiming the team title with 156 points. ORR's underclassmen shined on the day, with freshmen **Rachel Demmer** and

Madisen Martin winning the 400-hurdles and 800-meter, respectively. The girls got several wins throughout the meet, including **Maddie Meyer** (two mile), **Zoe Smith** (high-jump, 100-hurdles), and the 4x400 meter relay, which in the most exciting meet of the day, caught Dighton-Rehoboth right at the line to secure the win. Other top finishers for the Lady Bulldogs included **Sam Ball** (second, mile), **Lexi Afonso** (second, long jump), **Arden Goguen** (third, 100-meter), **Nicole Mattson** (second, 400-meter) and **Nina Bourgeois** (second, 800-meter). The win also marked the sixth consecutive year the ORR girls have won the team portion of the meet.

Girls' Tennis: The girls' tennis team earned two big wins this week, one over Bishop Stang and one over Case. Against Stang, the girls won 4-1 thanks to individual wins from **Julia Nojeim** (first singles), **Morgan Middleton** (second singles), **Olivia Bellefeuille** (third singles), and **KK Bindas** and **Sophie Church** (second doubles). The girls went on to shutout Case 5-0, with all previously mentioned players earning wins, and with **Amy Bichajian** and **Emma Collings** adding a win at first doubles. The girls' record currently stands at 13-4 overall.

Boys' Lacrosse: This week, the boys' lacrosse team earned a huge 18-5 win over Bishop Stang. Previously in the season, the boys won their first game against Bishop Stang despite an altercation between the two teams that led to the police being called. This week, the boys' managed to defend that victory thanks to a

trifecta effort from **Landon Goguen**, **Ethan Lizotte**, and **Thomas McIntyre**. The sophomore, senior, and freshman each scored four goals apiece to power the ORR offense to their 14th victory of the season. Other goals for the boys came from **Charlie Tirrell** (2), **Ryan Manning**, **Jack Devlin**, **Kyler Berry**, and **Nick Rego**. Goalies **Gerald Lanagan** and **George Whitney** split the time in net, effectively halting any offensive momentum Bishop Stang hoped to gain. The boys will look to continue their season as the postseason looms closer.

Girls' Lacrosse: The girls' lacrosse team started their week off with a heartbreaking 12-11 loss against Bishop Stang. Though the score was close for the entirety of the game, and **Bailey Truesdale** scored a hat trick to lead the Lady Bulldog offense, Bishop Stang gained possession with just a few minutes left and managed to keep the ball away from ORR hands, effectively clinching the victory for out-of-conference Bishop Stang. The girls also suffered another loss this week to Fairhaven, 10-6. Despite the loss, however, the girls clinched a three-way SCC Championship crown with Fairhaven and Apponequet. Had the girls defeated Fairhaven, they would have won the championship outright, but the title is still significant as it is the first in the program's history. The girls' record currently stands at 14-4-1.

Below are the overall spring team records, followed by the conference records in wins, losses, and ties as of May 25.

Baseball: (14-3-0) (12-2-0); Softball: (8-10-0) (8-8-0); Boys' Track: (6-2-0) (6-2-0); Girls' Track: (8-0-0) (8-0-0); Boys' Tennis: (15-1-0) (13-0-0); Girls' Tennis: (13-4-0) (12-3-0); Boys' Lacrosse: (14-1-0) (7-1-0); Girls' Lacrosse: (14-4-1) (7-3-0).

Letters to the Editor

The views expressed in the "Letters to the Editor" column are not necessarily those of The Wanderer, its staff or advertisers. The Wanderer will gladly accept any and all correspondence relating to timely and pertinent issues in the great Marion, Mattapoisett and Rochester area, provided they include the author's name, address and phone number for verification. We cannot publish anonymous, unsigned or unconfirmed submissions. The Wanderer reserves the right to edit, condense and otherwise alter submissions for purposes of clarity and/or spacing considerations. The Wanderer may choose to not run letters that thank businesses, and The Wanderer has the right to edit letters to omit business names. The Wanderer also reserves the right to deny publication of any submitted correspondence.

To the Editor:

Team Sole Survivors would like to publicly acknowledge and thank the Marion VFW and all their workers for making our recent delicious Chicken BBQ dinner a huge success. They went way above and beyond in giving and helping this event. Simple "thank you" words cannot express our deep gratitude. Sole Survivors Team of the Tri-Town Relay for Life (Marion, Mattapoisett and Rochester) is June 13-14 at ORR. All are welcome!

Again we send many thanks to all (names unknown) and especially Rodney, Demi, Brad and Casey.

Below you will find a brief essay on a Mattapoisett Resident's opinion on the attitude of the Mattapoisett Registered Voters. This is not an official opinion from any office or organization within the public domain of the town. This is 100% my personal opinion. However, I know I am not alone in feeling this way and perhaps it will wake up some people to the scope of

citizen responsibility.

We the people, in order to form a more perfect union ... secure the blessings of liberty for ourselves and our posterity do ordain and establish this Constitution of the United States of America.

Remember these words? Do you know why they were written in the first place? Do you realize this document has stood the test of time longer than any other written code of government in the world! Ever!

What exactly are the "blessings of liberty"? In keeping with the opening statement, the easy answer is the right to "life, liberty and the pursuit of happiness." Recognize these words? Another great document, written at a time when a relatively small group of people took on the greatest military power in the world in order to have a voice in how they were governed and ensure laws were fair and impartial and monies were used judicially for the common good.

Okay, no one is perfect. Even Washington and Jefferson weren't governing a perfect democracy. However, the Constitution was designed to be flexible and adaptable to the changing needs of a growing nation in an ever-changing world. The Constitution gave citizens the right to vote. Ok, not every citizen, but that has improved over time to include citizens regardless of sex, color or creed. Every American citizen has a say in the running of our government.

The right to vote is not just something to follow through with when we have time, or when we feel like it, or when a friend is running for office or sponsoring a question on the ballot. It is the responsibility, the privilege, and the duty of Every American Citizen!

All elections, whether for a President of our Country or a local board member, is important! Even if it is only one question or one office on the ballot, casting your vote is an outward sign of how you value your right to do so, how you value your most basic and important "blessing of liberty." Voting is a way of showing respect for what so many fought and are still fighting hard for. Voting is a way of showing respect for your own state, county, or town government. It is a way to say "I care about where I live!" Conversely, not voting when you

are able says "I don't care"! It shows you are taking that right for granted. If there is no candidate you can in good conscience endorse, leave that office blank, voting for no one shows your opinion on the subject at hand, while also showing you value your right to vote. Don't just ignore a chance to exercise your right to participate; it's insulting to so many people who gave so much to give you that ability in the first place.

In Mattapoisett, there are currently 4690 registered voters (number is subject to change on a daily basis). At our Annual Town Election on May 19, 2015, only 218 people made the effort to go to the polls. Does that say something about our town? I truly hope it is not really what it looks like.

Thank You,

Academic Achievements

Some 2,975 students were awarded a variety of degrees – undergraduate, graduate and M.D. – during the University of Vermont's 214th commencement ceremonies on May 17. Among degree recipients were students from 42 states and 85 international students from 16 countries. A list of local students and the degree earned by each follows:

- Lily Murolo, of Mattapoisett, graduated with a Bachelor of Science degree in Community & International Development from the College of Agriculture & Life Sciences
- Jordan Seim, of Marion, graduated with a Bachelor of Arts degree in Global Studies from the College of Arts & Sciences
- Taylor Audette, of Mattapoisett, graduated with a Bachelor of Arts degree in Environmental Studies from the College of Arts & Sciences

The following students were named to the University of Vermont Dean's List. To be named to the dean's list, students must have a grade point average of

3.0 or better and rank in the top 20 percent of their class in their respective college or school.

- Nathaniel J. Fuchs of Mattapoisett is a Junior Individually Designed major
- India E. Krawczyk of Rochester is a Senior Anthropology major
- Stephanie A. Sheehan of Rochester is a first-year Zoology major

Ryan Muther of Marion was honored at Union College's annual Prize Day celebration. Students were honored for achievement in academics, research, service and governance. Muther was honored with the Joseph D. Doty Prize, to the junior or senior who, in the judgment of the History Department, has done work of outstanding merit.

South Coast Bikeway Alliance

Team South Coast Bikeway is at the Top of the Leaderboard! Team South Coast Bikeway Alliance (SCBA) is putting out a strong showing in the Massachusetts Bike Challenge. With 61 riders and more than 6000 miles ridden in the first three weeks, the SCBA team is number one in the web-based competition for amateur bike riding in our state! At this pace, the SCBA team will probably hit 75,000 total miles by the end of the competition. More riders are invited to join and if they do, there's reason to hope that the people who bike for their South Coast Community will bring the total miles to well over 100,000.

What is the Challenge? It's a fun way for people in Massachusetts and across the nation to show their support for bicycling and for better bike infrastructure: more bike paths, better road crossings, more awareness campaigns to increase safety. In South Coast, Team South Coast Bikeway Alliance is tracking riders by community. Riders sign up for the team and either log miles with a free downloadable app or they log them manually on the National Bike Challenge web site. Our local competition runs from May 1 to Labor Day, so we can have a party before all our summer visitors return home. Anyone can join by going to southcoastbikeway.com/challenge. It's your zip code and team affiliation that matter: not where you ride or how far. Ride your bike whenever and wherever you like. Every mile counts! In our challenge, the community with the most miles per capita wins the trophy. We're looking into a prize for the community with the most riders per capita, too. Individual prizes will be awarded to top male and female riders. Last year, 28 people participated across the South Coast and Fairhaven won. This year we are hoping for at least 100 riders to compete. To be counted, riders must select South Coast Bikeway Alliance as their team when registering.

Mattapoisett Scholarship Awarded

The Town of Mattapoisett scholarship committee is pleased to announce that it has awarded its 2015 scholarship in the amount of \$1000 to Victoria Leigh Caton. Ms. Caton will be studying for a degree in Nursing at Curry College.

The committee would like everyone to know that the funds for this award were donated by generous town members. Anyone who would like to donate to this fund may do so by sending a check to the town treasurer and mark it for the town scholarship fund. There is also a form enclosed with your excise tax bill that may be used. Please donate all you can to help other worthy Mattapoisett students further their education.

photographic exhibit on the H-12 throughout the summer. Often referred to as the best small boat design ever for its perfect proportions and expert construction, it was created in 1914 by Halsey's grandfather, Nathanael G. Herreshoff. Designed essentially as a learning boat for young sailors, the 12½-foot boat remains one of the most long-lived and popular one-design classes in New England. As a testament to their reputation for excellence, the small boats are still actively raced in Sippican Harbor a century after their introduction to the area. In fact, the 2015 H Class Championship will be held at The Beverly Yacht Club this summer, from July 31 - August 2, with 40 of the timeless 12½-footers expected to race in Marion that weekend.

Zoster Vaccine Availability

The Marion-Rochester Health District, in collaboration with the Marion Board of Health and the Rochester Board of Health is pleased to announce a continuation of the Zoster (commonly known as Shingles) Immunization Program.

Shingles is a condition that can present in individuals who had Chickenpox as a disease when they were younger. The Chickenpox virus remains dormant in the body after the childhood illness but can present as a "Shingles" rash later in life. This rash can be quite painful, and often is accompanied by blisters. The rash usually lasts for 2-4 weeks. The Zoster vaccine has been shown in clinical trials to reduce the risk of shingles

Obituaries:

Walter Judd Sawyer, 88, of Rochester died at home on Wednesday May 20, 2015 surrounded by his loving family after a courageous battle with cancer. He was the beloved husband of M. Raye (Smith) Sawyer for nearly 56 years and the son of the late Marshall M. and Marion (Kelley) Sawyer.

Walter graduated from Fairhaven High School in 1944 and enlisted in the U.S. Army where he served in Italy. Later he studied naval architecture at M.I.T. and worked for many years at Burr Brothers Boats.

When he earned his Master's Degree at Northeastern University, he began a new career as an Economics instructor and taught at Bristol Community College for more than 20 years. Later, into his eighties, he volunteered as a tutor.

Walter was also active for many years teaching various navigation classes for the Mattapoisett Power Squadron.

He loved traveling with his wife and children, especially to Canada, and made many trips as far north as the Hudson Bay and Labrador. He especially loved Prince Edward Island.

He is survived by his son, Benjamin Alden Sawyer, and grandson, Samuel Alden Sawyer.

He was predeceased by his eldest son, Nathaniel Judd Sawyer, and is survived by Nat's wife, Catherine (O'Malley) Sawyer, and their son, Patrick Judd Sawyer.

Walter's memorial service was held on Tuesday May 26, 2015 at 11 AM at the Mattapoisett Congregational Church, 27 Church St., Mattapoisett. There was a brief reception following in the Church hall. In lieu of flowers, donations in Walter's memory may be made to the Bristol Community College Foundation, 777 Elsbree St., Fall River, MA 02730, or to the Plimouth Plantation, P.O. Box 1620, Plymouth, MA 02362. Arrangements are by the Saunders-Dwyer Mattapoisett Home for Funerals, 50 County Rd., Route 6, Mattapoisett. Marion Art Center Opening

The Marion Art Center is pleased to announce the opening of an exhibition of paintings by Kim Morin Weineck and Eli Cedrone from June 5 to July 11. A reception honoring the artists will be held on Friday, June 5 at the Marion Art Center from 6:00 to 8:00 pm in the Cecil Clark Davis Gallery. The show will run until July 11. At the opening on Friday, June 5, members of the Marion Garden Group will present "Art In Bloom" exhibiting beautiful fresh floral arrangements interpreting the paintings. Special Event: On Saturday, June 27 from 10:00 am to 2:00 pm, both artists will give demonstrations in their "Portable Studios" at the Marion Art Center on the Pleasant Street Patio.

Eli Cedrone has always been influenced by the power of images to express ideas and emotions. "Painting is a process of discovery and decision-making where disparate elements pull together until the image is clearly expressed," she feels. She is drawn to the human form where figures exist both in representational and painterly worlds. Often she'll explore a narrative theme in order to capture the emotional power of a moment in time. "I think that common, everyday things can be beautiful and resonant without being manipulative or artificially provocative. For me, landscape painting is a journey in search of something that evokes a personal response to nature beyond the obvious. Ultimately my concerns are with the expressive qualities of light captured with paint."

Soon after graduation from the School of Art & Design, Suffolk University in Boston, Eli decided to skip the harsh New England winters, choosing instead to begin her career in Bermuda at Saatchi & Saatchi Advertising. She took a brief sabbatical from her job to study art in Florence, Italy. After nearly five years on "the rock" she developed a case of island fever and set her sights on California. For the next 10 years she lived in Laguna Beach, working as an illustrator and magazine designer. Marriage and the birth of her daughter brought her back to Boston where she continued studies at the School of the MFA and began painting full-time. She returns often to Bermuda and California to visit friends and teach painting workshops. She is a member of the Copley Society Boston, Oil Painters of America, Portrait Society America, the MFA Boston, Guild of Boston Artists, and Laguna Plein Air Painters.

Of her work she says, "I work primarily in oils, and feel it's important to work from life. Contemporary Impressionism best describes my style. I often paint

Eli resides in a suburb of Boston, MA, with her husband, daughter and two Boston Terriers, Sargent & Sorolla.

Kim Morin Weineck is a pastel and oil painter who concentrates on the beauty of interpretive landscapes. She is a juried member of the Pastel Society of America (PSA), Signature Member of the Pastel Painters Society of Cape Cod (PPSCC), Artist member of various art associations and Founder and Instructor of the Neponset Valley Artists (NVA) her active atelier. MOVIE REVIEW

Short Film

By Rob Gonsalves
www.robsmovievault.com

***Eat with Me.* Starring Sharon Omi and Teddy Chen Culver. Directed by David Au. Running time: 95 minutes.**

Eat with Me began life as a short film (2003's *Fresh Like Strawberries*), and maybe it should've stayed one. The story really doesn't gain from being expanded to feature length. Emma (Sharon Omi), on the outs with her husband, moves in with her gay son Elliot (Teddy Chen Culver), who owns a failing Chinese restaurant. Mother and son have never properly talked about his sexuality. A lot of stuff happens that feels like padding. Elliot gets a Brit boyfriend, Ian (Aidan Bristow), who's in a band. Emma hangs out with Elliot's extroverted neighbor Maureen (Nicole Sullivan) and gets high on ecstasy by mistake.

This is a personal, somewhat autobiographical film for its writer-director David Au, who doesn't run a restaurant but whose parents did have some of the same troubles Elliot's parents do. It's a shame that Au doesn't pull anything especially compelling out of his experiences. Like many other indie filmmakers, Au makes his living by editing, and some of *Eat with Me* feels a bit over-edited -- not in terms of speed but cross-cutting. An early sequence goes back and forth between Elliot's tryst with a friend-with-benefits and Emma in Elliot's apartment finding his beefcake magazines. All this accomplishes is derailing any erotic rhythm (this is a fairly chaste movie, fading to tasteful black when things start heating up).

Sharon Omi and Teddy Chen Culver also starred in the earlier short film, and they acquit themselves calmly and well (except when Emma freaks out on ecstasy). The expanded cast, including

a pregnant server whose condition affects the plot not at all, tends to distract from what should be the central conflict -- the confused Emma dealing with Elliot's sexuality, and Elliot dealing with his parents' estrangement. Maureen, the next-door neighbor, is too baldly conceived as The Wacky, Life-Affirming Neighbor, and comedic actress Nicole Sullivan often goes too big in close-ups or makes weird noises. The effect is that Maureen seems to be trying to monopolize everyone's attention, including ours.

Eat with Me was shot, unaccountably, in a very wide format, which seems too overbearing for such a tiny movie. Au doesn't use the wide frame terribly artfully, and the color scheme is drab more often than not. Towards the finish, for no apparent reason other than that the filmmakers could get him, George Takei shows up as himself, counseling Emma on gay matters, because presumably he's the expert on being gay and Asian-American. Takei brings some theatrical brio to his few minutes, but the marketing is pimping the poor man as though he were a supporting player throughout. For full metal Takei, I refer you to the mild but affable documentary *To Be Takei*. For a great Asian foodie movie that deals with identity and family, I recommend Ang Lee's *Eat Drink Man Woman*, which David Au cites as his favorite film. At least he has good taste in movies.

22nd Annual Buzzards Bay Swim

With just one month left before the 22nd annual Buzzards Bay Swim on Saturday, **June 20**, hundreds of swimmers across the SouthCoast and Cape Cod are signing up to take the plunge and show their support for clean water.

"I look forward to the Swim every year for its physical challenge, but also the excitement of being part of the crowd swimming," said Alan Harris of Marion, who is returning for his seventh Swim this year. His 13-year-old daughter, Ruth, is swimming with him for the second year in a row because "it's the least I can do to help my environment."

Swimmers can sign up to join Alan, Ruth, and more than 300 others on June 20 at www.savebuzzardsbay.org/swim.

The Buzzards Bay Swim is a fun community event that supports a great cause: clean water in Buzzards Bay. Swimmers complete a 1.2-mile open water course across outer New Bedford Harbor, starting at The Edge Seafood Lounge in New Bedford's South End and ending at Fort Phoenix State Reservation in Fairhaven.

The Swim draws participants of every age, ability and fitness level. Some swimmers form teams with their friends, families and fellow swim team members. First-time swimmers are also welcome and encouraged to participate.

Everyone was 'sciencing' on May 21 at the Rochester Memorial School annual Science Fair. Students, staff, and parents packed the school cafeteria to explore the fascinating findings of many of the students' unique science project ideas.

(Below left) Third-grader Amelia Trout did her science project about the fate of gummy bears after specific lengths of time submerged in water.

(below, right) Why do groundhogs burrow? And what do they do down there? Emily Faudeux, grade four, and Aspen Barratt, grade three, just had to find out after wondering their whole lives.

Recently, members of ORRJHS Cub Reporters, ORRHS Bulldog TV and Intro to TV Production attended the "Lights! Camera! Action! Media Production Conference for high school students at Millis High School. The event offered students the opportunity to meet their peers and view work from various high school media programs. Conference speakers included a panel discussion with NESN producers. WGBH's Jared Bowen, Emmy Award-winning Executive Editor talked about his experiences interviewing celebrities and explained his role as an arts and entertainment editor. Other workshops included: how to become a successful indie film director; camera lens choices; gore effects make-up demos. WBZ producer/host Yadires Nova Salcedo offered tips to students on the production and reporter process. Survivor cast member Peter Harkey discussed his experience on the reality show. Via Skype, students chatted with Chris Koch, director of Modern Family, The Middle and other hit TV shows. Photo by Deborah Stinson

"Last year was my first time ever swimming across the Bay, so it was really intimidating at first," said Ruth Harris. "But after I finished the Swim, I felt really happy and proud of myself."

Now in its 22nd year, the Buzzards Bay Swim is a signature outdoor event in southeastern Massachusetts. Swimmers hail from communities across New England and as far away as Alaska, Arizona, and South Dakota. At the finish line celebration, families and community members will enjoy food and festivities, including live music, an awards ceremony and free beach activities for children.

All funds raised from the Buzzards Bay Swim support the Coalition's work to protect clean water in communities across the Buzzards Bay region, from Westport to Woods Hole.

TriTOWN HAPPENINGS

Memorial Day in Mattapoisett was observed as it traditionally is, with ceremonies in front of the Mattapoisett Library followed by the parade march to Cushing Cemetery. This year's guest speaker, Mattapoisett resident U.S. Army Sergeant Edward Sweeney, Jr. stirred the emotions of those in attendance with his speech about sacrifice and the American way of life. The Old Hammondtown School Band was impressive with its performance of several patriotic songs, and Representative William Straus, the selectmen, and several local veterans were also part of the program. Sippican 6th Grade Car Wash Fundraiser

Each year, the Sixth Grade class at Sippican School enjoys a number of activities including the bike ride to Scusset Beach and the annual trip to the Appalachian Mountain Classroom. To help offset the cost of these trips as well as the yearbook, class T-shirt and DVD, the class hosts a number of fundraisers throughout the school year.

The Sixth Grade Parent Group at Sippican School will host the first fundraiser for the incoming sixth grade class.

There will be a car wash on Saturday, **June 13** from 9:00 am to 12:00 pm. Rain date is Sunday, June 14.

It will be held in the bus loop of Sippican School off of Park Street – at the back of the building – for \$5 per wash.

All money raised will be for the incoming Sixth Grade activities. For more information, please contact us at sippican6@gmail.com.

Summer Conditioning/Track Camp

All Sports Summer Conditioning Program will be held at ORR Monday through Thursday, **June 29 - August 20** from 6:00 - 7:30 pm. This overall conditioning program to get athletes ready for their fall sport is open to all athletes in grades 6-12. Cost is \$100 for the summer. Contact Cindy Tilden at orrtrackcoach@msn.com for registration paperwork or sign up on the first day. T-shirts will be given to those who pre-register by June 15.

Flotsam, Jetsam and the Science of Ocean Motion

On **June 1**, Loree Griffin Burns, Scientist/ Author will give two presentations to the Old Hammondtown School's 6th Grade: Flotsam, Jetsam and the Science of Ocean Motion.

Lots of kids have heard the story: 29,000 rubber bathtub toys fell from a cargo ship in the Pacific Ocean and floated, quite literally, around the world.

What they may not know is that this fleet of rubber duckies has become the Tracking Track book basis of an international scientific research program aimed at better understanding our world ocean.

Drawing on the content of her first book, *Tracking Trash*, Loree will tell students a fascinating story of drama, intrigue, science and geography (www.loreeburns.com).

SALOME'S STARS

ARIES (March 21 to April 19) You might be a bit shaken by a friend's request. But before the Lamb leaps to conclusions, insist on a full explanation. You still might say no, but at least you'll know what you're saying no to.

TAURUS (April 20 to May 20) Seeing red over those nasty remarks by someone with an ax to grind? Of course you are. So get out there and give your supporters the facts they need to get the truth out.

GEMINI (May 21 to June 20) A changing situation should get you to reassess your vacation plans and make any adjustments as soon as possible. And don't fret -- the change most likely will turn out for the better.

CANCER (June 21 to July 22) Don't put off dealing with any negative feelings that might be left over from a recent confrontation. The sooner all is resolved, the sooner you can move forward with fewer complications.

LEO (July 23 to August 22) Leos and Leonas might feel the urge to redecorate their dens, and that can turn into a good opportunity to strengthen family ties by putting the whole pride to work to make it happen.

VIRGO (August 23 to September 22) Look for the most efficient way to get a job done quickly and well. Taking more time than you need to make it look more challenging is a short-sighted move you might regret later on.

LIBRA (September 23 to October 22) Travel remains strong in your aspect. And this time, it could involve someone traveling a great distance to come to see you. Meanwhile, an important matter suddenly could need your attention.

SCORPIO (October 23 to November 21) A workplace situation becomes a lot more bothersome than you'd expected. Be careful not to be pulled into all that anger. Look for support among others who also want to avoid trouble.

SAGITTARIUS (November 22 to December 21) Cheer up, lonely lovers, wherever you are. Just when you thought you'd been deleted from Cupid's database, the chubby cherub proves that's just not so. Congratulations.

CAPRICORN (December 22 to January 19) A casual relationship could take a more serious turn. Are you ready for it? Your stars say you are. Paired Sea Goats also will find a renewed richness in their relationships.

AQUARIUS (January 20 to February 18) Meeting a collaborator with new ideas seems to be a dream come true. But for both your sakes, be sure all your legal i's are dotted and t's are crossed before you start working together.

PISCES (February 19 to March 21) A romantic overture flatters the usually unflappable Fish. But since it's a sincere from-the-heart gesture, go ahead and enjoy it. A minor health problem responds well to treatment.

BORN THIS WEEK: You have the warm heart of a Taurean and the sensitivity of a Gemini. You would make a wonderful leader. So go ahead: Run for office.

Award-winning Children's Author to Visit

The public is invited to a MOBY (My Own BackYard) event on Saturday, **May 30** at 1:00 pm, when children's author Loree Griffin Burns will present a citizen science program based on the Lost Ladybug Project. The program will begin at the Plumb Memorial Library in Rochester and move to a nearby field on Dexter Lane. Ms. Burns will teach children and their families to collect ladybugs, photograph them, and then upload their data to the Lost Ladybug Project website (<http://lostladybug.org/>) where their data will be used by scientists keeping track of North American ladybug species.

The Saturday program is part of the Tri-Town libraries project, My Own BackYard (MOBY) federally funded with LSTA funds through the Massachusetts Board of Library Commissioners. MOBY is a year-long science and nature exploration program for students in grades three through eight and their families.

NOTICE, MATTAPOISETT RESIDENTS

WATER MAIN FLUSHING

Water main flushing will be conducted on 5/11/15 through 6/30/15.

Flushing will begin 5/11/15 at 7:30 p.m. until 2:00 a.m.

Flushing will be continued 5/12/15 through 6/30/15 during the daylight hours from 8:00 a.m. to 4:30 p.m.

Discolored or red water may be expected along with periods of low water pressure in some areas.

Locations most likely to be affected are those south of Route 6 extending from Main Street east to Aucoot Road and including Crescent Beach, Point Connett, Hollywoods, and Peases Point. Other areas may be affected due to system hydraulics please contact our office if you have any questions or concerns.

Chlorine will be injected into the system before flushing begins and will continue for a period after flushing is completed.

Frogs at the Bogs

Listen to the melodic sound of frogs during "Frogs at the Bogs," a free outdoor exploration program at The Bogs at the Mattapoissett River Reserve (approximately 137 Acushnet Rd.) on Friday, **May 29** from 7:00 - 8:00 pm. During this guided evening walk hosted by the Buzzards Bay Coalition, you'll learn some fun facts about frogs and maybe even see a few frogs yourself! The program will include frog and marsh discovery activities that families of all ages will enjoy.

This program is part of the Coalition's Bay Adventures series – programs designed for explorers of all ages to get outside and discover Buzzards Bay. To learn more about all our upcoming Bay Adventures, visit www.savebuzzardsbay.org/BayAdventures.

Registration is required for all Bay Adventures. To RSVP for this program, email bayadventures@savebuzzardsbay.org or call 508-999-6363 ext. 219.

Adult Literacy Tutoring at the Mattapoissett Library

The new Hi-Set exam, which has replaced the GED test, is challenging for many, and this program will help students prepare at their own pace. Anyone is welcome to participate.

Tutoring is also available for those whose first language is not English but who would like to improve their English reading, writing, and conversational skills. "The cultural exchange is very enjoyable," stated one tutor. "We love to have conversations about all sorts of topics and get to know one another."

"It's never too late to improve one's reading skills," offered library director Susan Pizzolato. "Adults sometimes come in for reading assistance who already have high school diplomas but want to read more fluently. Sometimes their motivation is wishing to read more confidently to their grandchildren. There are many reasons why someone doesn't read at the level he wishes he could. This is a wonderful, discreet way to work with a caring adult who can help."

The program also offers basic computer assistance and basic money management. These important skills can sometimes need brushing up, especially for older adults or those who never learned to manage a check book.

Volunteer tutors are paired with adult learners, depending on the educational goals of the learner and convenient times for both. Tutoring sessions are typically once a week at the library. All materials are provided by the library.

Anyone wishing to tutor is encouraged to contact Deena Kinsky by leaving a message at the library 508-758-4171 or emailing her at 2learn2read@gmail.com. No previous teaching or tutoring experience is necessary. Each tutor will receive training and an orientation to the program.

This one-on-one, confidential tutoring program has been funded with a grant from The Marianne J. H. Witherby Foundation. Brochures describing the program are available at the Mattapoisett Library, located at 7 Barstow Street.

Mattapoisett Democratic Town Committee

The Mattapoisett Democratic Town Committee will hold its annual caucus on Saturday, **June 6** at 10:15 am in the lower level conference room in the Mattapoisett Library to elect four delegates and four alternates – equally divided between men and women – to The Democratic State Convention to be held on Saturday, September 19 at MassMutual Center in Springfield.

The Town Democratic Committee encourages all voters registered as of January 31, 2015 as Democrats in Mattapoisett to attend the caucus so that they can either vote for delegates or run for election as a delegate. Registered voters do not have to be members of the town committee to run for election as a convention delegate. Persons seeking election can nominate themselves.

Attending a state Democratic Convention is a great way to meet people who share similar political views with you. Delegates have opportunities to see and hear from many of our elected state officials as well as those who are the organizers and officials of our state party. This year's action agenda will feature forums, organizing workshops, exciting speakers and much more.

Paint the Town Purple

The Relay For Life of Tri-Town needs your help spreading hope in our community. Please join us in the Fight Against Cancer and "Paint the Town Purple." During the weeks of May 23 throughout June 14 we are asking home owners, restaurants and business owners to help turn the town purple. Decorate your home or store windows with a purple display. Decorate your front entrance, fence or doorways with lights, bows, ribbons, balloons, candle lights anything you can think of to "Paint the Town Purple."

Purple is the color of hope – the color Cancer Survivors wear as they walk the track during the

The dollars raised through Relay For Life events help to fund the American Cancer Society's vital cancer research, education, advocacy, and patient service programs to defeat this disease.

Last year, our Relay For Life of Tri-Town was able to raise more than \$50,000 and included many teams made up of family, friends, cancer survivors, and those passionate in the fight against cancer.

Are you a cancer survivor? We would love to honor you at our Survivors luncheon held on Saturday, June 13 at 1:00 pm at the Old Rochester Regional High School in Mattapoisett. Free entertainment and a free catered lunch by On the Go, which includes a survivors T-shirt and lots of door prizes!! Your caregiver is also welcome. Join us at 3:00 pm for the opening ceremonies where survivors and caregivers kick off the event with the first lap around the track.

Have you lost a loved one to cancer? Come to our beautiful Luminaria ceremony at 9:00 pm on June 13 where we honor the people we have lost during a beautiful candlelight ceremony.

This is a great family event!! Come join us for a fun Carnival! We will have a Midway with lots of games, face painting, popcorn, cotton candy, frozen slushies and more!!!

If you would like to participate or join us for the Survivors lunch, please contact Kelsey Newton, American Cancer Society at 508-897-4323, Pam Houston, Co-Chair, Tri-Town Relay For Life at 508-922-4024 or MaryBeth Meunier Tripp, Co-Chair Tri-Town Relay For Life at 508-991-9870 or sign up on our website: www.relayforlife.org/tritownma or "Like" our Facebook page Tri-Town Relay for Life. Please help us finish the fight!

abandoned seal pups and how volunteers can help in that work. She'll also describe how the center assisted with last fall's "Kempocalypse" when hundreds of Kemp's ridley turtles were rescued from the shores of Cape Cod. Learn how you can help with this national effort having a local flavor.

The lecture will take place at the Friends' Meeting House on Marion Road (Route 6) in Mattapoisett beginning at 1:00 pm. The presentation is part to the Land Trust's annual meeting and will follow a pot-luck lunch at noon to which the public is also invited.

For more information about the presentation, contact the Mattapoisett Land Trust at info@mattlandtrust.org or leave a message at 774-377-9191.
